

The American People Must Know the Truth

Mr. President:

- \* Did the CIA mastermind the coup in Cambodia?
- \* What are the Pentagon and the CIA up to in Thailand and Laos?
- \* Are you deliberately widening the war in South-East Asia?

THE KILLING MUST END

THE WAR MUST BE STOPPED NOW

Dear Salva--

I certainly understand and agree with your objectives, and I might be tempted to join with you. I do think, however, that it will be counter-productive in the long run for distinguished scientists to spend their prestige in this style of debate. If I could foresee a really useful result, I would not let such a sense of "delicacy" dissuade me, but I have real doubts about that too. There is a real movement against thoughtless interventionism now, and it will not necessarily be aided by invoking a diabolical interpretation of every mistake in policy.

Yours,

*Joshua*
